

RETAIL LIGHTING

# KEELHAM FARM SHOP

BRADFORD

**GAMMA**  
ILLUMINATION

# PROJECT OVERVIEW

- DDF 2x26-42W multi-power CFL pendants were strategically positioned low over the counter displays to maximise illumination of the fresh produce
- FGI CFL downlights, with IP54 sealed glass, were also selected as they are particularly suitable for food retail and display areas
- 50W EFI HID gimbal display lights illuminate the deli counter and wine area, whilst smaller Syncro FC LED gimbals complemented the scheme over the retail display cabinets
- Discreet ILEM emergency lighting was installed in strategic areas

**GAMMA**  
ILLUMINATION

**"A truly authentic look and shopping experience has been created throughout the store and is very much in line with the spirit and philosophy of Keelham Farm Shop."**  
Victoria & James Robertshaw, Owners, Keelham Farm Shop
