PROJECT OVERVIEW

- Gamma create a cohesive scheme for the new Pocklington Services Shell
- Single and twin Gyro ABA and ABB LED framelights provide a smart solution for both ambient and display lighting
- Matching Great White TTT LED downlights complement the scheme in the Subway, Costa and Fresh Bake café areas
- White Syncro FC LED spotlights adorn the stylish dropped ceiling in the café and are also used to highlight the textured feature wall
- Discreet integrated LED emergency luminaires installed throughout

GAMMA
ILLUMINATION

“The lighting scheme is as aesthetically pleasing as it is energy efficient. Gamma has yet again proven its credentials as a reliable one-stop-shop project lighting partner.”
