

RETAIL LIGHTING

# TICKLED TROUT SERVICES BP

JUNCTION 31, M6 MOTORWAY, PRESTON

**GAMMA**  
ILLUMINATION

# PROJECT OVERVIEW

- 5000 lumen LED pendants replaced existing 170W HID fittings to achieve impressive energy savings of 66.2%
- Product variation of standard ID pendants with specially designed reflector to comply with client's brand image
- Reduced maintenance costs
- 2000 lumens 3000K downlights provide an inviting feel in the café and bakery areas
- 4000K pendants and downlights provide a cool, bright ambient light in the shop area

**GAMMA**  
ILLUMINATION

**"Gamma's LED pendants provided the energy efficient solution we were looking for and we were delighted with its ability to offer product variations that suited the project so perfectly."**  
Aziz Patel, Development Partner, The Brookfield Group
