Shane has worked in lighting for over 15 years, supporting customers on a wide range of projects, focussing primarily on areas such as Commercial office fit-out, Healthcare, Education, Industry and Retail.

He is ready to help you with your project, from start to finish, whether you're a developer, architect, consultant or contractor.

Petrol-head Shane is fanatical about all things motorsport and used to race motorbikes, but he also enjoys the slower pace of golf. Despite being a life-long Liverpool FC fan, Shane is a Norwich City season ticket holder (presumably for the pies).
